WEB DEVELOPER, CARNIVORE

HI@CHRISZAMIEROWSKI.COM

AVAILABLE FOR CONTRACT, FREELANCE OR FULL-TIME

REMOTE / SEATTLE, WA

I'm a multidisciplinary thinker producing (mostly) front-end web solutions. I'm looking to join, learn from and collaborate with a talented team that pushes me to create my best work, from initial concept to shipping a product.

WHAT I LIKE TO WORK ON

FE DEVELOPMENT: web apps, responsive interfaces

PRODUCT DESIGN: ideation, strategy, analytics

UX DESIGN: wireframes, prototyping, user research

UI DESIGN: layouts, animation

CURRENT TOOLSET

JavaScript (ES6), Vue.js, Webpack, HTML5, Sass, Sketch, Ruby on Rails, Node.js, Docker, Bulma, gulp, Express, Karma, Jasmine, Sublime Text, Sketch, Photoshop, Zeplin, Git (CLI), Heroku, AWS S3, Google Analytics, Mixpanel, Rollbar, Trello, Asana, Pivotal Tracker, Balsamiq, pen & paper, Slack

EXPERIENCE

WEB DESIGNER & DEVELOPER (FREELANCE) JUL 2017 - PRESENT.

Provide early-stage startups with a range of services including full-stack web development, interaction design, UI design and product strategy.

LEAD FRONT-END ENGINEER (CONTRACT) - [LEO BURNETT](#) MAR - JUL 2015, JUN 2016 - JUL 2017.

Worked with a small team to build a single-page online dashboard and custom hybrid app on devices across multiple operating systems in 30+ languages for Intel.

FRONT-END ENGINEER - [MORSEL](#) NOV 2013 - FEB 2015.

First hire: responsible for full UI, design and development of AngularJS + Node.js web stack. Designed site UI, designed and built an embeddable module for restaurants' sites, did a significant amount of brainstorming and prototyping, and conducted user research.

SOFTWARE ENGINEER - [BETTERFLY](#) FEB - OCT 2013.

Built and managed front-end of betterfly.com (acquired 2013), including custom online video chat tool, a simple document sharing/organization application and an internet connection speed wizard.

WEB DEVELOPER - [MAGNANI CARUSO DUTTON](#) JUN 2011 - FEB 2013.

Worked together with UI, IA and UX design teams to build and deliver sites for clients including Discover Financial Services and E*TRADE.

EDUCATION

NORTHWESTERN UNIVERSITY, MCCORMICK SCHOOL OF ENGINEERING

Master of Science in Computer Science, 2011.

Bachelor of Science in Computer Science, Animate Arts (Adjunct Major), 2010.

TIDBITS

I sometimes stand while I work.

I eat kiwis with the skin on.

I appreciate a good oatmeal stout.
